ATTENTION CITIZENS:

Beginning May 4, 2020 the West Liberty Police Department will resume conducting salvage vehicle exams. Those exams will be conducted Monday through Saturday, by appointment only, during the hours of 8:00am-6:00pm. To schedule your appointment please call city hall at 319-627-2418. Please come to your appointment with all required documentation. This will help expedite the process. Please keep in mind that emergency calls may take precedence over your inspection even if you have made an appointment.

Also, the officers conducting the exam will be protecting themselves, as well as you, by wearing a mask and latex gloves. We ask that you respect their safety by wearing a mask and keeping 6 feet from yourself and the officer while conducting business with them. Of course, please do not schedule an exam with us if you are experiencing any sickness. We thank you for your assistance!

Thank you!
