The purpose of the meeting is to present information regarding the proposed **E 6th Street Improvement Project**, which includes improvements along **E 6th Street and portions of Corn Street and Farmers Lane**.

The project includes, but is not limited to:

- Street widening
- Construction of new sidewalks
- Utility infrastructure upgrades, including:
 - Water
 - Sanitary sewer
 - Storm water collection
 - Electric utility

The project is proposed to be constructed in **phases** to improve access for property owners during construction. Due to site constraints, temporary access to individual properties may be limited at times. City staff and project representatives will be present to provide information and respond to questions. Members of the public are invited to attend and provide input.

This meeting is informational in nature; no formal action will be taken.
